Subject: Feedback Requested: Degree Audit Modernization Project

Greetings,

What is on your degree audit and four-year planner wish list?

Last month, the Office of the Registrar announced its [Degree Audit Modernization](#) initiative to the campus community. As the project continues, the selection committee would like to hear from those who use the degree audit system across our institution. Please submit this [two-minute feedback survey](#) to tell us how you use the degree audit and four-year planner system, what you like about it, and ideas to best serve our students with it.

If you have any questions, please email degreeauditproject@utah.edu.

Sincerely,

Office of the Registrar
